

2.4 ... of an original mockup

Invision is not a drawing tool, just for communicating
you have to import from eg photoshop
Need to cite it here

Fig 2.9: Strange very tall is it one screen?

p16: navigated to? comes up in

Say what a drawer is in Android

p17 his/her (their?) "my closet should
(everywhere) me my closet screen?
refer to ~~as~~ ^{view} screens uniformly?

p19 chronicle → chronological

Ch 3: why not have a larger review of technology stack?

ate android dev. book

Why period at end of one row in Table 3.1, not others?
powerful

pua2: why moved?!

3.1.1 → are there API restrictions? was it paid?
URLs look very ~~ugly~~ ugly. say embed search is GET

3.1.2 Subset of code? or data returned?

3.1.3 → proprietary?! It has legal implications, just
have that worked out

p22 3 → three (spill out 1-9)

p23 Temp Filter: what about layering?
