

Anh Luong,

Please make the following changes to your formatting.

1. Throughout your report anywhere your name appears have it appear as it does in our records Anh Dinh Luong
2. On your signature page have Christine Julien listed first as supervisor with Aziz listed underneath as Co-Supervisor- this is how they were listed on the graduation application you submitted this semester.
3. On the title page after your name just have B.S. Rather than B.S.E.E.
4. On your abstract list Julien as supervisor and Aziz as co-supervisor
5. Adjust the right side margin on tables 3.3 and 3.4 to meet 1.25 inches minimum requirement. You might consider landscaping these tables.
6. Table 3.7 is split between pages it needs to be labeled as table 3.7 on all three pages.
7. Fig. 3.5-3.7 need to have margins adjusted to meet 1.25 inches minimum on all sides
8. References should start at the top of a new page, insert page break to achieve this.

If you need help with any of these changes contact our template expert Bob Penman bpenman@austin.utexas.edu

Thesis or Report Option Students

Upload the pdf file of your thesis/report to the Texas Digital Library (TDL) by 5 p.m. on December 5, 2014. Submission of your thesis/report to the Texas Digital Library is required, and instructions for submitting online can be found at the [TDL Submission Site](#). Additional technical support is available at <http://www.tdl.org/support/>. Your thesis/report will be made available to the public through the Texas Digital Library on an Open Access basis.

All master's degree candidates who are completing the thesis or report option must submit a printed copy of the following pages to the Graduate School by the fall submission deadline:

- a title page,
- a signature page (with original signatures of your supervising committee as listed on your Master's Graduation Application Form),
- an Abstract, and
- a [Statement on Research with Human Participants](#) (pdf).
Submit this form whether you used human participants or not. If you did use human participants, you need to attach a copy of the IRB approval letter or waiver or exemption notification of the form.

- a [Statement of Research in Restricted Regions](#) (.pdf).
Submit this form whether you conducted your research in a restricted region or not. If you did travel to a restricted region, you must attach a copy of your **IOC approval letter(s)**.
